

wAP R accessories guide

We are offering full range of accessories in order to connect external LTE antennas to our LTE product line. R11e-LTE or R11e-LTE-US miniPCle card can be installed to wAP R unit. R11e-LTE / R11e-LTE-US cards have two U.fl connectors, where ACSMAUFL pigtailed cables can be connected. ACSMAUFL pigtailed cables have SMA connectors, that fit nicely in special mounting places of wAP R. SMASMA cables then can be used to connect ACSMAUFL pigtailed cables to any external LTE antenna with SMA connectors.
